EASY EXTRAS TO ADD TO YOUR SERVICES

If you're looking to add something special to your service offerings, these products can help make your manicures and pedicures into true experiences. Masks, soaks, and treatments are a simple way to add extra pampering your clients will love, without adding any time to your services.

BCL SPA ESSENTIAL OILS

Help your clients balance both body and mind, and naturally treat common health and mood concerns using rich therapeutic BCL Essential Oils. Choose the oil to fit your client's needs and blend into the fragrance-free BCL Body and Massage Lotion with jojoba carrier oil to create a customized experience. Essential Oil Roll-On Blends make great retail for your clients to purchase to extend their experience at home. During services, diffuse aromas in the air with the Ultrasonic Mist Diffuser, which runs for up to six hours.
